

## Roadmap for Health & Wellness

### Foundation Strategies

If we, as a foundation, identify and fund highly effective non-profit organizations that use creative, interdisciplinary, or unconventional approaches. . .

### Immediate Outcomes

. . .to develop and deliver innovative programming to prevent and treat pressing health issues, . . .

### Intermediate Outcomes

...health care providers will offer and individuals will take advantage of expanded prevention and treatment options, ...

### Intended Impact

...improving health outcomes and therefore the quality of life for people in the Chicago area.
